Docket No. 98N-1265 56 '99 MAY 20 110:23
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: At 41 yr. old I had to have a hysterectomy - my MD's tried to adjust the oral HRT for 2 yrs, without success. I was depressed; irritable and had no sex drive., I was referred to MD's who were using special natural compound HRT only made by Madison Pharmacy in Wisconsin. I've been using there HRT with my MD orders etc for 2 yrs now. I feel more like my ole self (before hyster) I'm energetic; able to work well with countless people; better spirits and my sex drive is much improved (to my husbands delight). Please, there must be women in the FDA that can clearly empathize with this plea. Don't upset my quality of life and many other women too. Thank-you for your understanding!
